

1 Nickie's solution

Listing 1: A caption

```
1 from time import sleep
2
3 def foo():
4     if cond1: bar()
5     if cond2: baz()
6     if cond3: bye()
7
8     while True:
9         sleep(1)
10        for i in range(100):
11            pass
12
13        pass
14        pass
15
16        pass
17        pass
18        pass
19
20
```

2 Approach: \nullfont

Listing 2: A caption

```
1 from time import sleep
2
3 def foo():
4     if cond1: bar()
5     if cond2: baz()
6     if cond3: bye()
7
8
9     while True:
10        sleep(1)
11
12
13
14    for i in range(100):
15
16        pass
```
