1 Approach 1

Listing 1: A caption

```
1  from time import sleep
2
3  def foo():
4      if cond1: bar()
5      if cond2: baz()
6      if cond3: bye()
7
8
9      while True:
10         sleep(1)
11
12
13
14     for i in range(100):
15
16         pass
17
18
```

2 Approach 2

Listing 2: A caption

```
1  from time import sleep
2
3  def foo():
4      if cond1: bar()      if cond2: baz()      if cond3: bye()
5      while True:
6          sleep(1)
7        for i in range(100):
8          pass
9
```

3 Approach 3

Listing 3: A caption

```
1  from time import sleep
2
3  def foo():
4      if cond1: bar()
```
